Special Mentions

- Reception:** This week in Reception class we have been learning how to share equally in maths. The children have been fantastic at this. George, Mia Cornelius, Marlena and Arwen really stood out to us as they were brilliant at sharing out the food at their teddy bear's picnic. Poppy did some lovely home learning this week and lined up her five favourite teddy's and gave them equal amounts of biscuits! Florence also visited some minibeasts and then completed some beautiful pictures and writing of the minibeasts she had seen. Fantastic work!
- Year 1:** Year 1 have writing stories about butterflies flying out of a book, we have started multiplication in math and we are continuing to watch our plants grow. We have started learning about George Forrest the plant hunter and will be going on our own plant hunt next week at Heligan Gardens. My special mentions go to Edie for having an amazing P.E. lesson with Miss Millet and Bradley for coming up with some brilliant ideas in P.E.
- Year 2:** This week year 2 have predicted what plants might need to grow and stay healthy. We are conducting our own investigation and will be monitoring their progress. We have also planted seeds to develop our understanding of how seeds and bulbs develop into plants. Peter Rabbit will be impressed as we are growing one of his favourite vegetables, French Beans! Oh la la! Special mentions go to Harry D for challenging himself in Maths and listening carefully to support given so that he can develop his reason and understanding skills. Harry J for really trying hard with his writing, listening carefully to instructions and remaining focussed on a task. He has also really worked hard on his reading comprehension skills and is able to answer questions from reading the text again.
- Year 3:** A great week in Year 3 learning lots of new things. In Maths we have been learning short method multiplication and in English we have been looking at setting descriptions. We wrote our own setting description of an erupting volcano. The children watched several film clips of volcanoes erupting which they thoroughly enjoyed! They amazed Mrs Campbell with their fabulous vocabulary as they described what they had seen. Special mention must go to Freddie who used powerful adjectives and strong vocabulary in his description. A special mention also goes to Max J who has had a great week. He has displayed a mature attitude to his learning and his behaviour this week. He has written a great setting description in English and has worked really hard in Maths and in PE. Great work boys, keep it up!
- Year 4:** Finley, Harry and Olivia - For being so enthusiastic about our Science lessons this week! They have learnt about the types and functions of teeth humans have as well as how we can look after our teeth really carefully. Well done for being so responsible about looking after your teeth. Keep it up!
- Year 5:** Well done to all of Year 5 this week, as we have completed an independent write. Lots of brilliant conversations were happening between the children about what punctuation and grammar they could include. Super! This week, I'd like to give a special mention to Shannon. Shannon is an all-round super-star. She always works hard, follows instructions and tries her best. She is also a good friend and a terrific role-model to her peers. Another special mention goes out to Riley S. He has worked really hard in English this week and tried hard to include as many features as possible from previous learning - what an amazing effort!
- Year 6:** Special Mentions this week go to Ngairé for providing great contributions in Shared Reading and Dewi for really applying himself in his writing. A Special Mention Joe for showing a super attitude. Well done.

Golden Tickets

Reception Class:	Amelia for using her phonics knowledge to write animal names.
Year 1:	Not drawn this week.
Year 2:	Mark for independently logging into Nessy.
Year 3:	Senna-Rose for Read, Write, Inc spellings.
Year 4:	Ruan for for achieving a row of stickers on Miss Tonkin's reward chart.
Year 5:	Ethan for good spelling work.
Year 6:	Meave for great PE.

Parent Information

Dear Parents and Carers

Following a few questions about parent meetings this term;

We will be producing end of term reports as usual. We will also be undertaking telephone conversations with all parents and carers to discuss their children's progress this year. The calls will take place in the weeks beginning 5th July and then week beginning 12th July. We have put this arrangement in place to avoid face to face conversations in school.

If, however you wish to discuss your child's progress with their teacher before this time you can call and arrange an appointment that can be carried out by phone or Zoom or in person following schools Covid guidelines for visitors.

Pasties – 20th May 2021

Today is your last chance to order a pasty for next Thursday's belated St Piran's day! Please scroll across on your Parent Pay account and select your pasty choice.

The alternative choice is a school packed lunch. Please note there are no jacket potatoes this day.

School Trips

Reception Class and Year 1

Reception Class are going to Newquay Zoo on 26th May and Year 1 are going to Heligan on 20th May! All permission forms, voluntary contributions and information is available on Parent Pay. Please make sure all parts to the permission form are completed for your child to go on the trip.

Internet Safety

Did you know you can use apps to monitor your child's device? Whether you want to set a maximum time for your child's screen time or block particular websites or content, this app is for you!

The Google family link helps you and your child decide when they can access their screens and for how long. Link it to your phone/device and you can block apps and sites, limit access or even put the phone to sleep!

To access this app on your Android or Apple device: <https://families.google.com/familylink/>

One Roche Parent says: "I love the family link with Google. Myself and my children sat down and worked out what is best for us as a family. They know that they can only spend 30 minutes on YouTube for example and their whole screen time is no longer than a certain amount of minutes in the day. The children's devices shut down at 6pm every day. If they need extra time, it can be added from my phone but that is unusual for us. I also blocked all the apps I didn't want them to have yet. I highly recommend it."

Roche Cricket Club – Youth Training

Roche Cricket Club is back up and running on a Friday night.

The membership is £30 which includes a training shirt and then £3 per week thereafter.

To register your interest or for more information email:

rochecricket@hotmail.com or telephone 07988 423337

Tilly's Diary

Hello everyone!
Another great week of learning from you all!
This week I went to Doggy Daycare on Tuesday! It rained and I was drenched! I also had to be hosed down because my feet and legs were muddy!
I've been playing hide and seek in the office with Mrs George and Mrs Batten. I bet you can't see me in this photograph! I know all the best places to hide! Peekaboo!!
I'm looking forward to a restful weekend and then it's back to school again!
See you soon!
Love Tilly x

What's Cooking?

This week, Lowen has enjoyed a jacket potato for her lunch. Lowen chooses a jacket potato regularly and on Thursday she opted for cheese as her topping.

Lowen chose sweetcorn and cucumber for her side and then sticky toffee pudding and chocolate sauce for dessert.

Jacket potatoes are available every day on our school menu.

We hope you enjoyed your lunch Lowen!
