Special Mentions

- Reception:** This week in Reception we have learnt all about ladybirds! Damian has been fantastic at describing the life cycle of a ladybird and decided to create one himself after learning about it- great independence! Miss Searle also wants to give Riley and Arlo a special mention as their behaviour and attitude to learning in Reception class is exemplary. Keep up the fantastic work.
- Year 1:** Year 1 have seen some progress in their bean and sunflower plants, and we have drawn our seedlings in science. We have been writing non-fiction information text on the features of plants and have completed our learning in maths on subtraction. Special mention - Bradley Drogan Blatchford for amazing problem solving and reasoning in maths and also for being extremely enthusiastic in science and growing a very strong bean.
- Year 2:** Year 2 have had a very busy week, finishing our non-chronological report on Rabbits. We learnt some really interesting facts, and a disgusting one too! This week special mentions go to Marshall and Hollie. Both Marshall and Hollie have worked really hard in their maths. We have been working on understanding the fact that multiplication is commutative, but division is not. Both have really got the hang of this and are now whizzing through their maths. Well done Hollie and Marshall! Another special mention is for a small group who did some work with Amy in Science. Lowen, Harry D, Ella, Paige, Morley and Callum all listened really carefully, asked good questions and were able to explain the reasoning around their choices for which animals and plants lived in certain habitats. Liam has worked really hard on his non-chronological report both typing it up and writing it in his English book. Well done to you all.
- Year 3:** A special mention this week goes to Jamie who has recently joined our class. Jamie moved to Cornwall on Monday and joined our class on Wednesday! He has settled into Year 3 well and is making new friends. He has a fantastic attitude to learning and is a great football player! It's been lovely seeing you gain confidence each day Jamie. You are a lovely addition to the Year 3 class.
- Year 4:** Logan - For being so organised in class and for always working really hard on your presentation. We have also noticed you have been doing well on Accelerated Reader this half term. Well done! Reuben - For working hard on your targets in class. You are also starting to show self-regulating behaviours and independence with these targets. Keep it up! Charley-Dee - For working really hard on writing up your final draft of your biography. It was great to see how proud you were to show it to me. Keep up the neat handwriting!
- Year 5:** An awesome week in year 5 this week, with a range of different learning going on. I'm really impressed with some of the writing I'm seeing and delighted to hear and see new vocabulary being used. Special mentions this week, go out to Imogen. Imogen has really shone in her maths work this week and has made bus stop division look easy! Another well done to Lola, who has been very diligent with her conferencing targets. If she can't see where to get it in, she always asks, which shows a brilliant attitude towards her learning and progress.
- Year 6:** Ollie R- for working extremely hard during maths and reading sessions and offering his ideas. He was really quick at working out a prime number and square number that combined to make 32! Meave- She has been demonstrating excellent leadership skills in PE recently. She is a great role model during lessons and this means that others respect and listen to her.

Golden Tickets

Reception Class: Ræven for fantastic phonics.
Year 1: India for remembering the word 'Lair'.
Year 2: Kezia for improved number bonds.
Year 3: Kaelyn for 100% in an AR quiz.
Year 4: George for for achieving a row of stickers on Miss Tonkin's reward chart.
Year 5: Josh for lovely handwriting.
Year 6: Sophie for making progress with spellings.

Tilly's Diary

Hi Everyone!

I hope you had a wonderful Bank Holiday weekend! I went to the beach with Mrs George and Miss Richards and played in the sea. It was so much fun - I love splashing and jumping in the waves.

I was very wet so Mrs George snuggled me into a big towel and dried me off before I was allowed to get back in the car!

I also ran along the beach and enjoyed watching other people having fun.

I see there are lots of exciting things happening at school soon! Reception class are going to Newquay Zoo, Year 3 are having a Roman day and we're having pasties at school!

See you all soon!

Love Tilly x

St Piran's Day

As we missed our traditional pasty on St Piran's Day due to lockdown restrictions, we are having it on Thursday 20th May instead!

The school dinner menu has changed on 20th May to a steak pasty, a cheese and onion pasty or a school packed lunch.

If you have pre ordered for the term, please log in to Parent Pay and order for this day again.

Pasty orders need to be ordered by next Friday at the latest please.

The pasties are the usual price of £2.30. There is no charge for KS1 children or FSM children for this meal.

OGGY! OGGY! OGGY!

TIMES TABLES ROCK STARS

A special congratulations to these 4 pupils who achieved a perfect 100% in their TTRS gig at the end of last half-term!

Shannon

Year 5

100%

Logan

Year 5

100%

(2nd time -
bronze award)

Kian

Class Photographs

A note for your diaries! The School Photography Company is attending on 25th May to take class photographs! Your child will be given a card with a code. This code will be needed to order your photograph online only.

What's Cooking?

This week, Ashton enjoyed a chimichanga and rice! A chimichanga is a flour tortilla which contains diced potato, lemon juice, chickpeas, garlic, tomatoes, cheese, sweet chilli sauce and herbs. After the ingredients are cooked and placed in the tortilla, the tortilla is covered in cheese and grilled!

Ashton cleared his entire plate!

Ashton, without fail, every single lunch time, thanks the ladies in the kitchen for his lunch. His manners are impeccable!

If your child would like to enjoy a chimichanga, it is on week one of the school menu and is the vegetarian choice on the Thursday.

The dessert this day is fruit salad, yogurt or vanilla sponge.

From the Parish Council – A new skate park!

The Parish Council are supportive of this new and exciting development to provide a skateboard facility adjacent to our outstanding park area, which will further advance facilities for our village. Our preferred suppliers have compiled a questionnaire to be completed by anyone of any age in the village. All comments to this link only please:

www.maverickskateparks.co.uk/roche

We would like to receive comments from as many youngsters and adults from the village as possible.

We would also like comments from the school as well. All comments to be via the link provided please.

What are the issues?

The internet – on the whole an inspiring and positive place

The internet is an amazing resource which enables children and young people to connect, communicate and be creative in a number of different ways, on a range of devices.

However, the internet is always changing, and being able to keep up to date with your children's use of technology can be a challenge.

You may sometimes feel that your children have better technical skills than you do, however children and young people still need advice and protection when it comes to managing their lives online.

Issues that your child may encounter on the internet will vary depending on their age and online activities. We have grouped potential online risks into these 4 categories.

Conduct: children may be at risk because of their own behaviour, for example, by sharing too much information

Children need to be aware of the impact that their online activity can have on both themselves and other people, and the digital footprint that they create on the internet. It's easy to feel anonymous online and it's important that children are aware of who is able to view, and potentially share, the information that they may have posted. When using the internet, it's important to keep personal information safe and not share it with strangers. Discuss with your child the importance of reporting inappropriate conversations, messages, images and behaviours and how this can be done.

Content: age-inappropriate or unreliable content can be available to children

Some online content is not suitable for children and may be hurtful or harmful. This is true for content accessed and viewed via social networks, online games, blogs and websites. It's important for children to consider the reliability of online material and be aware that it might not be true or written with a bias. Children may need your help as they begin to assess content in this way. There can be legal consequences for using or downloading copyrighted content, without seeking the author's permission.

Contact: children can be contacted by bullies or people who groom or seek to abuse them

It is important for children to realise that new friends made online may not be who they say they are and that once a friend is added to an online account, you may be sharing your personal information with them. Regularly reviewing friends lists and removing unwanted contacts is a useful step. Privacy settings online may also allow you to customise the information that each friend is able to access. If you have concerns that your child is, or has been, the subject of inappropriate sexual contact or approach by another person, it's vital that you report it to the police via the Child Exploitation and Online Protection Centre (www.ceop.police.uk). If your child is the victim of cyberbullying, this can also be reported online and offline. Reinforce with your child the importance of telling a trusted adult straight away if someone is bullying them or making them feel uncomfortable, or if one of their friends is being bullied online.

Commercialism: young people can be unaware of hidden costs and advertising in apps, games and websites

Young people's privacy and enjoyment online can sometimes be affected by advertising and marketing schemes, which can also mean inadvertently spending money online, for example within applications. Encourage your children to keep their personal information private, learn how to block both pop ups and spam emails, turn off in-app purchasing on devices where possible, and use a family email address when filling in online forms.
